In general, I would like to say the following:

Thank for great efforts of Mr. Roland Schneidt, Mr Benno Bickel, Mr. Wolfgang Murr, Mr. George Riedinger, Mrs. Maria.

I hope in a good cooperation and help in case of need!!!

I consider that it had been a very interesting and useful meeting.

That the course has been perfectly organized. I really enjoy both working days (not so heavy, but interesting) and the profitable cooperation. Thanks Roland.

Perfect organization, good start for the project.

Thank you for the hospitality. It's a nice project with new ideas and a joyful group of participants.

Very good planning!

The project Math-GAMES is a real challenge for our KRUG team due to the fact that Play and Culture are actually interwoven with one another and I hope our expertise is a well base for the project contribution.

Many thanks!

Comment by the evaluator (26.10.2015):

Lieber Roland,

Im Anhang findest Du die Auswertung der Rückmeldungen zum Projekt-Meeting in SOB. Ich habe die jeweilige prozentuale Verteilung in die entsprechenden Bewertungsfelder geschrieben.

Von allen Beteiligten wurde durchwegs großes bzw. größtes Lob ausgesprochen. Lediglich ein Teilnehmer bewertete die Frage „Was enough time for exchange of ideas?“ mit der Bewertungsstufe medium. Als Erklärung wurde angegeben, dass so viele Informationen in so kurzer Zeit erfolgten. Dies war aber von Dir beabsichtigt, um die Anzahl der Arbeitstage nicht zu erhöhen und die zur Verfügung stehende Zeit höchst effektiv zu nutzen. Somit ist dies nicht als negativer Kritikpunkt zu sehen sondern lässt auch einen Rückschluss auf die Belastbarkeit des Teilnehmers zu.

Ich werde die Originale aufbewahren.

Viele Grüße

Heiner
